

# SUMMER SESSION!

**American Repertory Ballet's *Dance for Parkinson's* program is for people with Parkinson's Disease and their caregivers.**  
*Each class has live music and creates a warm sanctuary for movement exploration, and a social atmosphere to support artistic venture.*

- Open to all levels of ability! Classes are infused with guided imagery, vocalization, and movement to provide participants with a dynamic experience.
- Participants are encouraged to 'think like dancers' and to be creative and expressive.
- Although participants may experience therapeutic relief, this class is not considered therapy, but a place where people come together to move, share, and enjoy the elements of dance.
